

## September, 2022 Community Reach Update

The following is a list of important developments at Community Reach for the month of September:

- (1) There is a need for volunteers to assist with moving furniture at both Jefferson House and at Rockland House.
- (2) There is a need to help seniors with raking leaves, helping organize their homes, providing transportation to medical appointments, offering workshops on topics important to seniors, and teaching technology skills.

Contact Jane Meier, CR's Director of Development and Volunteer Services if interested in any of the above opportunities.

- (3) The fundraising Gala for the Kaseman Health Clinic will be held virtually on October 20. Suggested donation is \$50.00, although any donations are gratefully accepted.
- (4) Thanksgiving meal baskets will again be prepared and distributed at RUC on the week-end before Thanksgiving.

For details on these items, go to the RUC website and the link to the CR monthly newsletter.
