

Grow the Circle Wide: Capital Campaign will begin in January 2023! Stay tuned for further announcements!

RUC will celebrate the New Year of 2023 with the opening of our Capital Campaign. We believe that our proposed projects will grow and enhance our shared mission and ministry. Our projects will benefit both our members and our neighbors in the surrounding community, truly helping to grow our circle of love wide.

RUC is more than ready to meet the challenges of the Capital Campaign. We weathered the storm of the pandemic, and we are reengaging with each other and the world around us. We have been assured by our UCC consultant Jill White that we are in a good place to begin a campaign. We are not alone in our desire to expand our ministries; Jill has been very busy preparing other churches to undertake their own capital campaigns!

Please watch this space for updates concerning the Campaign. In the meantime, please think and pray about the kind of support that you can give, be it financial or as a volunteer. We have volunteer jobs to fit all ages and interests.

The Grow the Circle Wide: Capital Campaign projects are:

1. Enhance our outdoor space through the creation of a playground and outdoor worship space.
2. Pay down the current building loan and establish a larger operating/capital reserve fund.
3. Undertake kitchen renovations.
4. Expand our mission to the LGBTQ community. 10% of the funds collected through the Capital Campaign will be designated for outreach and collaboration with other local organizations that serve the LGBTQ community.
