NOROC is a Christian organization in Tulcea County, Romania, founded to help care for Romanian orphans. Tulcea County is on the Ukrainian border and NOROC has now extended their work to help Ukrainian refugees who make their way into Romania.

NOROC continues its mission to both the orphaned and abandoned children in Tulcea County as well as to the Ukrainian refugees under their care.

**The donation made in your name will help NOROC provide food, clothing, shelter, counseling and psychological services for Ukrainian refugees crossing the Romanian border.**

Most Ukrainian refugees are mothers and children or elders as younger men are required to continue the fighting. These would be families without immediate means of support and few contacts in a neighboring country.

NOROC is supported by the Presbyterian Church, USA, and has headquarters both in Tulcea County, Romania and an office in Abilene, Texas ([www.noroc.org](http://www.noroc.org)). It is recommended by Charity Navigator.
